

ForeSite Designs®

For Those Who Envision Tomorrow

ForeSite Designs® site furnishings, a division of Bedford Technology LLC, has been manufacturing quality site amenities since the spring of 2002. Created by our in house staff of engineers and design professionals, ForeSite Designs® offer low maintenance, highly functional furnishings that are also aesthetically pleasing. Available in two distinct styles; the classic Park Avenue™ or the conventional Park Scape™. Both series include benches, seats, picnic tables and coordinating waste receptacles and are offered in a variety of frame and slat color options.

All colors available for both Park Avenue™ and Park Scapes™

Select™ Slat Colors: Cedar, Mink, Weathered Wood, Brown, Gray, Dark Gray, Forest Green, Blue, Yellow, Black, White

Frame Colors: Black, Forest Green, Brown, Gray, Red, White

Plastic Slats

Select™ slats are made from recycled high density polyethylene. UV protection has been added to guard against color fade. Because this is an all plastic product, no water proofing, painting, staining or similar maintenance is required. Can be easily cleaned with light power wash or household cleaners.

Powdercoat Finishes

All ForeSite Design® frames go through a 9 step polyester powder coating process. The end result is a long lasting protection that offers true color and superior chip resistance.

Warranty Information

Effective from the time of invoice through a period of fifty (50) years, the Select™ boards are guaranteed not to suffer structural damage from termites or fungal decay, will not rot, split, crack or splinter. A

limited twenty (20) year warranty is issued against structural failure of the frames. All other pieces have a one (1) year limited warranty.

(A complete copy of the warranty is available upon request)
